

In addition to Demat'Box the scanner, your clients can digitize their accounting documents when they are on the move. Simply take some pictures and their mobile devices become a roaming Demat'Box.

Follow these steps for easy and efficient file transfer:

1 – Grab the smartphone.

2 – Click on the appropriate services.

3 – Take some photos and select the good ones from the photo gallery to upload.

4 – Demat'Go will notify the uploaders when the files are delivered. File transfers are completely secure.
